Dear Sir:

Only a few lines regarding an application to play with your great club. All I need is coaching I am quick to catch on, and a little work out. I never threw myself away by exposure or drinking. And I am confident in myself to make good if I am given the chance. I have played sandlot & Class B. ball for the past 7 years, so far I have had perfect control. I could have signed with the motor city giants of Detroit Michigan. or the Atlanta black Crackers of Georgia. But I had to stay on a defense job or go to the army. I left Detroit last year for Seattle Washington, there I join the Bremerton All Stars Bremerton Wash. of the Olympic league. I would like very much to hear from you before leaving the 28th of this month. So I would know how to contact you when I arrive in Newark. I am a pitcher Right hander weight 170 Height 5 ft 9 in Age 22. I am leaving for Jersey. the 28th will try to contact some of the officials when I arrive. If possible let me hear from you before the 28th I remain yours truly James P. Paige. P.O. Apopka, Fla.
